RANKING FRAMEWORK

1 TEACHING LEARNING

1.2. Curriculum Planning and Implementation

1.2.4. Prompt communication of assessment/results to studentss (e.g. displayed on college website/notice board/class groups/submitted to COE)

Response: Within 7 Days

Effective communication of assessment results is an essential aspect of the teaching learning process. Ensuring timely, accessible, and transparent communication of results to studentss fosters a positive academic environment, encourages accountability, and supports students success.

Various methods of communication are used to disseminate the assessment results to the studentss including the use of college website, digital platforms like WhatsApp groups, notice boards, class groups, and submissions to the Controller of Examinations (COE).

The primary objectives of promoting effective communication of assessment results are:

- To provide studentss with easy and timely access to their assessment results.
- To enhance transparency and trust in the assessment process.
- To encourage students engagement and self-evaluation based on their performance.

The college faculty submits CCA online to the Controller of Examinations COE, Himachal Pradesh University through its portal <https://nexams.hpshimla.in>

Besides the above methods of communication, the most important practice is that the answer sheets of the internal examination are shared after evaluation with the studentss who scrutinize their answer scripts and the discrepancy, if any is resolved on the spot. Any corrections in the total of marks or assessment of answer books as identified by studentss are immediately done by the faculty members. The studentss also sign the internal assessment sheets maintained by the teachers as a token of having checked and verified their internal assessment.
