RANKING FRAMEWORK

4. Institutional Mangement

4.11. Proper Record of Students' Attendance and CCA

Response: Yes

The institution ensures the proper maintenance of students' attendance and Continuous Comprehensive Assessment (CCA) records through a well-organized and transparent system. Faculty members maintain attendance regularly in prescribed registers and, where applicable, in digital formats to ensure accuracy and easy retrieval.

CCA components such as assignments, class tests, presentations, and internal examinations are systematically recorded and preserved by the teachers. These records are updated periodically and maintained for academic monitoring and verification.

Students are kept informed about their attendance and CCA status, and they are given opportunities to review and verify their records. Any discrepancies are addressed promptly by the concerned faculty. The final CCA marks are compiled and submitted to the Controller of Examinations through the official portal.

This practice ensures accountability, promotes transparency, and supports effective monitoring of students' academic progress. The internal assessment has been shown from image 1 to 26 down below.
